Work Experience:

- 1/2002 – Present: Instructor – Collins College

Duties included teaching Object Oriented ActionScript 3, ActionScript 2, PHP, MySQL, JavaScript, XHTML, CSS, Flash, Dreamweaver, Photoshop and Illustrator.

I developed course material for each of these classes that includes creating game play assets and animations, planning and implementing game coding strategies, and multiplayer game development.

I also shared course material and trained several other instructors in the material for these courses.

Freelance Design/Development:

Since 1997 I have done all kinds of work using various print and web technologies including Flash, ActionScript, FLV, HTML, XHTML, CSS, PHP, MySQL, AMFPHP, XML, JavaScript, Dreamweaver, Photoshop, Illustrator, Quark Xpress, InDesign, Fireworks, and Director.

The majority of my work is backend server side scripting implementing database systems into Flash via the CGI gateway.

I have done so for several clients including Southwest Institute of Healing Arts, Everspin Technologies, Enliven Production Group, Freestyle Showdown, Adjack, Arid Paradise, and several others.
